Name.com has updated the status for the following domain(s):

madysonbathke.com

The change was made due to the following:

After further review, we find that this complaint is valid. It is entirely possible that your hosting account has been compromised, and this content was uploaded without your knowledge.

We ask that you please take steps to remove this content within 24 hours and reply to this email confirming the removal. Please note that failure to do so may result in further action being taken against the domain including the removal of name servers or the suspension of the domain.

Hello,

I need to know who made this complaint and why did you determine that this site is in violation. Should you decide to go ahead with this unconstitutional move without justification, I will transfer all my sites to another provider.

Regards
Diinele Dinaali.

To whom it may concern,

The site has been taken down. I am taking legal action against BHFS who made this baseless complaint and in the process, I am issuing you a subpoena. A courtesy copy is attached.

Unless you can provide the information demanded in the subpoena and justify your action, I am including you in my lawsuit as a defendant. Your action is unacceptable and will be forcefully responded to in the civil action.

Regards,

Diinele Dinaali
